

RESS CAPITAL

December 2020

Ress Life Investments A/S

NAV: 2100.09

AUM: 237.9 MUSD

MANAGER'S COMMENTS

The net return of Ress Life Investments was 0.7% in US dollars in December. The performance in December was positively affected by sales of policies. The annual net performance for 2020 is 7.2% in US dollars. Assets under management reached a record level of 238 million US dollars.

As of 31 December 2020, Ress Life Investments owned 350 life insurance policies issued by 55 highly rated US life insurance companies. The total face value of the portfolio is 915 million US dollars.

The life settlements market proved to be resilient during a turbulent 2020. Ress Life Investments was able to take advantage of new opportunities in both the secondary and tertiary markets, successfully acquiring around 100 policies during the year. The number of maturities was in-line with expectations and several policies were sold at attractive levels.

We believe that the life settlements market will continue to offer opportunities in 2021 for investors searching for yield and alternative returns.

In the last five years, the annual net return is 6.9% and the Sharpe ratio is 1.4.

RESS CAPITAL

EXECUTIVE SUMMARY

Strategy: To purchase US life insurance policies on the secondary and tertiary markets.

Goal: To manage a diversified life insurance portfolio, which generates stable and attractive returns over the long term.

Methodology: Selectively purchasing single US life insurance policies. Use of specially developed proprietary portfolio management and pricing models in order to optimise returns when purchasing policies that are held until maturity.

Target: Annual net return of 7% in US dollars.

WHY INVEST?

Risk diversification: Longevity, the main risk factor, is uncorrelated to equities, hedge funds and most other financial risk factors.

Alternative fixed income: The risk characteristics are similar to fixed income investments, but with a higher expected return

Stable performance: Realised volatility is 4.1% and the Sharpe ratio is 1.4 during the last five years.

Capital preservation: The strategy is suitable for investors where capital preservation is a key consideration.

Exchange-traded: The company is listed on Nasdaq Copenhagen and a market-maker provides daily prices.

INVESTMENT OBJECTIVE AND STRATEGY

Ress Life Investments aims to provide an annual return of 7% with low volatility by investing in US life insurance policies. The primary strategy is to hold the insurance policies until they pay out. The secondary market offers investors the opportunity to acquire life insurance policies at a discount to face value.

Resscapital has developed proprietary models for portfolio management and pricing in order to optimise returns when purchasing policies. Resscapital also collaborates with medical experts to assess longevity calculations on each policy acquired.

RISK MANAGEMENT

Policies are thoroughly analysed and at least two expert opinions are obtained on life expectancies, prior to purchasing. Portfolio risks and limits on portfolio diversification across insurance companies, life expectancies, age groups, etc. are monitored continuously. Resscapital only transacts with brokers who are registered and authorised, and all brokerage fees must be disclosed in a clear and transparent manner to the seller.

Diligent credit risk assessment with limits on each insurer has created a diversified life insurance portfolio. Policies are issued by over 50 different US life insurers. Over 90 % of the policies are issued by insurance companies with a credit rating of A or higher (AM Best).

MANAGEMENT TEAM

Gustaf Hagerud: Managing Director, was previously Head of Asset Management at the public pension fund AP3 in Sweden and has over 30 years' experience in strategic asset allocation and investment management.

Anton Pozine: Head of Portfolio Management, has extensive experience in both life settlements and longevity-linked assets. Anton holds a M.Sc. in Industrial Engineering and Management from the Linköping Institute of Technology in Sweden.

Fredrik Thor: Portfolio Manager, has over 25 years of experience in the financial industry. Fredrik holds a Master of Science degree from the Royal Institute of Technology in Stockholm.

Jonas Mårtensson: Founder and Head of Sales, has an international finance background and has been working for major banks in Switzerland, Belgium and the UK, focusing on fund management and structuring derivative products to institutional investors.

Cristina Lugaro: Institutional sales, has over 15 years of experience in the financial industry. Cristina holds an MBA from Solvay Business school and a Bachelors of Arts from Vesalius College in Belgium.

Johan Jonson: Risk Manager, has 30 years of experience in the financial industry. Primarily in investment management and risk management with alternative investment funds and corporate treasuries.
